We've been seeing and talking about

Removal of the "moral compass" in this nation

Reformulating the principles on which this nation was built

Redefining foundational structures such as the family, authority and religious freedoms

We're dealing with a growing influence and manipulation by the spirit of the enemy... encroaching into every area of our lives: the family, education, church, government, human behavior

The Word says that in the end times there is going to be an attack on structures that had been established by God.

Before every move of God there are two characteristics:

the "Spirit of Rebellion" against God increases (Antichrist);

the Church has become powerless and ineffective.

When we begin to experience these things the Lord is preparing a mighty move by His Spirit upon Church (anointing) to defeat to establish the Kingdom of God
